The training center

SBSI Consulting is a Microsoft partner on the Dynamics 365 Business Central solution. Its core business is the integration of the enterprise solution and the training of employees on the various modules.

Certification

Since February 2022, the training centre has been Qualiopi certified under the title “training actions”, which allows you to have your training funded by your OPCO. We can help you establish your administrative file with the latter.

Training

Theme: Allow users involved in the manufacturing steps to plan and execute the Production operations of the company.

Audience: Manufacturers, production managers, production managers.

Duration: 1 day (this time is adapted according to the client to provide tailor-made training).

Objectives

- Manage manufacturing orders.
- Outsource the production.
- Validate consumption.
- Validate the execution times.
- Validate the scrap.
- Manage centres and expense stations.
- Validate capabilities.
- Calculate the cost of finished items and components consumed.

Content

- Preamble: Prior learning assessment (5 min). Round table to learn each participant's skills (15 min).
- Understand the operation of manufacturing orders.
- Create manufacturing orders manually.
- Subcontract all selected operations or operations in a manufacturing order.
- Record and validate production, as well as material and time consumption, for a single O.F. line launched.
- Validate consumption and production for a production order line launched.
- Batch validate the quantity of components used per operation in a sheet that can process multiple planned manufacturing orders.
- Batch validate consumption: Validate the quantity of finished products and the time spent per operation in a sheet that can process several manufacturing orders launched.
- Batch validate production and execution times: Cancel production, for example due to incorrect amount and input errors.
- Reverse Production Validation: Validate the number of items produced in each completed operation that are not considered finished products but as scrap.
- Display the workshop load as a result of firm and launched planned manufacturing orders.
- Display the load of the load centers and load stations: Use the Capacity sheet page to validate the capacities consumed that are not assigned to a manufacturing order, such as maintenance work.
- Calculate and adjust the cost of finished items and components consumed for cost control purposes.
- Practical exercises.
- Questions / answers (15 min).

Followed of actions after training

- Tracking points in an Excel file.
- Periodic meetings.
- Satisfaction questionnaire.

Practical informations

Prerequisites: No prerequisites are required to access the training provided.

Duration: 3 to 5 days on average, duration adaptable according to your needs in order to offer you a tailor-made training.

Delay: the delay is approximately one month, according to our schedule, between the request and the start of the training.

Price: the daily rate of a training is 700€ excl. *

**You can have your training funded by your OPCO. We can help you establish your administrative file with it.*

Location: The training location according to your need:

- In your business.
- In our training room: 10 avenue du Gretay, 35310 MORDELLES.
- Remotely via videoconferencing.

Methods employed: They differ according to the type of training:

– On-site: Computer software (ERP), video projector, Microsoft documentation, training plan, e-learning platform.

– Distance: Computer software (ERP), Microsoft Teams software, Microsoft documentation, training plan, e-learning platform.

Evaluation methods: Exercises, quizzes and questionnaires are given throughout the training to assess the level of each person trained.

Accessibility: We offer training that can be accessible to people with disabilities.

For our distance training, we will do everything necessary to put in place the available technical means adaptable to our structure and your needs.

Regarding the pedagogical means, we will adapt to your request by setting up sessions and a duration adapted in individual sessions or in small group of people with similar needs.

On this site, you will find a whole list of specialized structures and professionals involved in the disability field [Disability Accessibility - SBSI Consulting](#).
